

October 4, 2014 Meeting Minutes and Tournament Winners

Men of October is about to commence and will again be a huge success. We now have 18 signed up, the last one just signed today so we or at least I am, holding out hope for more. We have had several very generous donors again this year, several people volunteering to help with donations of time, so thank you. The shirts this year will be red with the moo man in white, a dry fit shirt like swing into spring.

The November meeting needs some organization if food is to be served. It can be as simple as picking up some deserts with coffee and water, or it can be a meal of some sort. Sandwiches, sandwich trays or fixings, pizza, chickens, whatever. Please feel free to lend your talents to the endeavor. The same holds for all meetings because the same people cannot continue to provide all of it. We always have lots of clean-up of help but we need organizers please. (John Vance and Frank Zartler have volunteered for this social)

As you can see, the courts are done and yet the same. Walk thru is now scheduled for Monday morning. Head of maintenance says they are not quite done yet so we will see what he has in mind. The floors have been slippery but are getting a little better as the dust is being cleared each day. Our next project is yet to be determined but hopefully the floors can get in the budget next year, they are due.

We have had a couple new members, Ken Moore, and Gary Zeman who is playing with us this morning.

Swing Into Spring dates are set so planning will probably start just after moo, reminders have already been sent out.

Meeting adjourned

Tournament winners, thanks to all that attended and participated and a big thanks to Cliff for his continued participation in the club, all his hard work and donuts.
